

Outer Dimensions and Motion Range

Operating range

Arm length 800mm
Joint#3 stroke 100mm

Payload

Rated 20kg/Maximum 40kg

Repeatability

Joint #1,#2 ±0.02mm
Joint #3 ±0.01mm

Electrical parameters

Origin Return	None Need Origin Return
Installed wire for customer	26Pin (D-Sub Connector)
Installed pneumatic tube for customer use	φ4mm*2, φ6mm*2
Visual Interface	M12*1 Gigabit network interface
Installation Environment	Standard

※ Test results under specified conditions of our company.

Motion parameters

Joint	#1	#2	#3
Content			
Max Operating Speed	9485mm/s		1450mm/s
Max Motion Range	±131°	±150°	200mm
Motor Power Consumption	1000W	750W	400W
Weight	49kg (cables not included)
