

Outer Dimensions and Motion Range

Operating range

Arm length 600mm
Joint#3 stroke 100mm

Payload

Rated 2kg/Maximum 6kg

Repeatability

Joint #1,#2 ±0.02mm
Joint #3 ±0.01mm

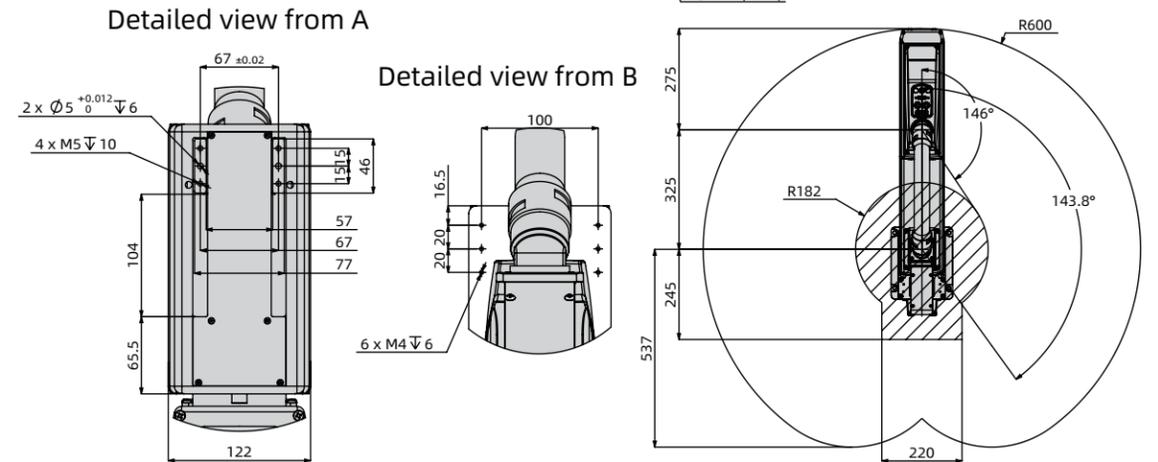

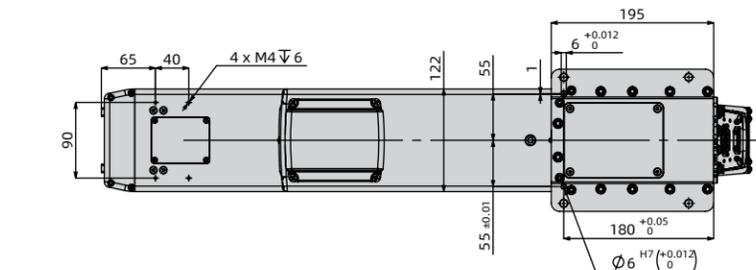

Electrical parameters

Origin Return	None Need Origin Return
Installed wire for customer	26Pin (D-Sub Connector)
Installed pneumatic tube for customer use	φ4mm*2, φ6mm*2
Visual Interface	M12*1 Gigabit network interface
Installation Environment	Standard

※ Test results under specified conditions of our company.

Motion parameters

Joint Content	#1	#2	#3
Max Operating Speed	7891mm/s		1063mm/s
Max Motion Range	±143.8°	±146°	100mm
Motor Power Consumption	400W	400W	100W
Weight	22kg (cables not included)		

Shaded area indicates operation blind spot
